It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity

of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Federal Family Educational Loan Program - Servicemembers Civil Relief Act (SCRA)

*OMB Control Number:* 1845-0093

*Type of Review:* A revision of an existing information collection

*Respondents / Affected Public:* Private Sector; State, Local, or Tribal Governments

*Total Estimated Number of Annual Responses:* 16,731

*Total Estimated Number of Annual Burden Hours:* 50,115

*Abstract:* The Department is requesting a revision of the current information collection. These Federal Family Education Loan (FFEL) Program regulations require a loan holder to match its database against the Defense Manpower Data Center (DMDC) and automatically apply the interest rate limitation, as appropriate, to borrowers under the Servicemembers Civil Relief Act (SCRA). There has been no change in the statute or in the regulations. The Department is revising downward the overall collection burden due to the decreasing number of FFEL loan holders and affected loans. Additionally, the Department is removing the minimal burden previously assessed individuals as a separate form was created subsequent to the initial information collection and the burden on individuals is more appropriate linked to that information collection.
